

Florida Championship Series Policies and Procedures

Purpose: The purpose of policies and procedures is to develop and present an outline that will govern the Florida Championship Series and provide an equal opportunity for all member teams and organizations. The Florida State Policies and Procedures are developed in conjunction with the National Rules. The Florida policies and procedures supersede the national rules for events that are included as a part of the Florida Championship Series.

How policies and procedures are developed: Each member team or organization has the opportunity to submit any recommendation of change in policy or procedure to the Florida State Office prior to the end of the season (July 31). Each recommendation is reviewed and voted on by the Florida State Steering Committee during its annual meeting. Changes are sent by email to the contact of record for all member teams. New policies and procedures are posted on the Florida's US Amateur Basketball website.

What they govern: The Florida policies and procedures govern the Florida Championship Series, which includes all weekend shootouts, Open and qualifying tournaments that lead to and include the State Championship Tournaments.
